Re: Application 10/665/051

Dear Alexandria:

Thank you for arranging a 'Supplemental Notice of Allowability' which corrected the title of our invention from 'The Pine Straw Claw' to 'The ROOF-RAKER'.

Now I have to ask for your help once more. When I filled out and submitted the Supplemental Notice of Allowability along with the necessary Issue and Publication fees I neglected to include my son Richard C. Coyne as co-inventor on the Fee Transmittal form. As a result I am concerned that his name will not appear on the printed Patent.

I did name Richard as co-inventor on the 'Declaration - Utility or Design Patent Application' and 'Joint Applicants - Statement of Respective Contributions' forms in our original Patent Application.

I would sincerely appreciate it if you would look into this matter to be sure that Richard C. Coyne does appear as co-inventor on the final printed copies of our Patent.

Most grateful,

Joseph E. Coyne
